1400 watt INOXFLEX, specialist for stainless steels and steel alloys, 125 mm

LE 14-7 125 INOX

Order number 406.546

1400 watt INOXFLEX, specialist for stainless steels and steel alloys, 125 mm

- + Microprocessor control: speed selection, tachogenerator constant speed control, soft start, restart protection after power failure, overload protection and temperature monitoring
- + Special gearbox: special gear ratio for high torque in medium and low speed range. Prevents blue discolouration and distortion caused to the development of heat
- + Completely cast electronic components prevents damage due to metal dust. The 3-fold winding protection reduces motor wear, increases service life
- + Highly efficient and resilient motor for more power output
- + SoftVib handle with vibration cushioning
- + Tool-free adjustment of safety guard
- + Spindle lock
- + Single-pole switch
