

# LBP 20-11 125-EC

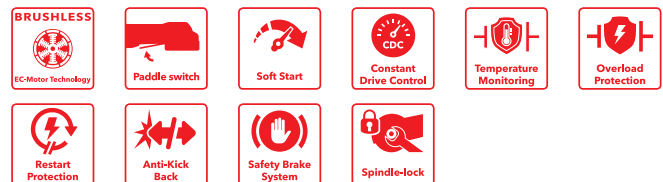

2000 watt angle grinder with paddle switch  
(dead-man function) and brake, 125 mm

Order no. 534018

GTIN 4030293278585

- + Powerful angle grinder for industrial applications, particularly cutting and grinding metal.
- + Brushless motor with greater efficiency and a longer service life
- + Microprocessor control with soft start, restart protection after power failure, temperature monitoring, overload protection, CDC-electronic feedback control
- + On/Off switch with dead-man function
- + Anti-Kickback - this shuts down the motor on the disc being blocked
- + With mechanical brake, the tool stops in 3.5 seconds
- + Perfect dust protection thanks to removable protective metal grille
- + Streamlined handle section for perfect handling
- + Spindle lock
- + Disc guard for grinding with clip-on cutting guard clip

## Technical data

|                            |                   |
|----------------------------|-------------------|
| Power consumption          | 2000 W            |
| Power output               | 1500 W            |
| Voltage                    | 230 V             |
| Frequency                  | 50/60 Hz          |
| Max. disc diameter         | 125 mm            |
| No-load speed              | 11000 rpm         |
| Tool holder, angle grinder | M14               |
| Grip circumference         | 205 mm            |
| Cable length               | 4.0 m             |
| Cable type                 | Red plug          |
| Dimensions WxLxH           | 350 x 75 x 105 mm |
| Weight                     | 2.75 kg           |

## Standard equipment

- 1 Sanding guard (436860)
- 1 Cutting guard clip (534108)
- 1 SoftVib side handle (530903)
- 1 Clamping flange (335282)
- 1 Face pin spanner (100110)
- 1 Clamping nut M 14 (534344)
