DD-DRY D14x40/80

Diamond dry drill bits

Order no. 536404

GTIN 4030293302440

For drilling without water using cordless drill drivers or drills. Drill bits with hexagonal shank for clamping in a drill chuck. The multi-diamond coating ensures a long service life. The core of the drill bits is filled with a special wax which that when heated during drilling, thereby providing a cooling effect and binding the drill cuttings. For drilling anchor holes in porcelain stoneware, tiles, glass and ceramics.

Technical data

Working length	40 mm
Diameter	14 mm
Total length	80 mm
