STACK PACK rolling box with drawer

Order no. 535842

GTIN 4030293296824

The robust STACK PACK storage and transport system makes it easy to transport tools and accessories to the construction site. The boxes are produced from impact-resistant plastic with aluminium-reinforced corners, protecting tools and accessories from the toughest construction site conditions. The boxes have a durable metal latch, with additional handles ensuring flexible and comfortable handling. Interlocking quick-release fasteners allow fast, flexible and effortless connection of the individual boxes, allowing the storage system to be assembled according to the user's specific needs. Ideal basic element: Trolley with removable telescopic handle, rugged Ø 23 cm wheels and a large carrying box, drawer capacity up to 35 kg. The drawer box has self-locking mechanisms that close securely and prevent the drawer from opening during transport. Robust steel rails guarantee smooth running of the drawer.
