Cordless rotary polisher 18.0 V

PE 150 18.0-EC/5.0 P-Set

Order number 461.229

Cordless rotary polisher 18.0 V

- + Ideal for automotive, maritime and aviation applications
- + Polishes with low speed and high torque, e. g. for heat-sensitive surfaces
- + Innovative combination of planetary and angular gears reduces noise to an absolute minimum
- + Brushless motor with greater efficiency and a longer service life
- + Continuous speed control trigger: for a gentle start and a lock-on for continuous operation
- + Electronic management system (EMS) protects the machine, extends the service life, and increases efficiency
- + Flat gear head reduces distance to the surface. The machine can therefore be operated safely in any position.
- + Grip hood: ergonomically shaped with SoftGrip. The machine can be controlled with precision and is always comfortable yet secure to hold.
- + With rubberised resting bar for safe setting down
- + Spindle lock: It is ideally positioned to prevent operating error and does not interfere with the grip area.
- + LED battery capacity display
- + FLEX battery system: suitable for all FLEX 18,0 V battery packs
