

SP2 100x600 SW10

Spiral paddle SP

Order no. 534026

GTIN 4030293278660

Two negatively arranged spirals force the material down, preventing the liquid material from splashing. Ideal for mixing liquid to tough material: Paint, emulsions, varnishes, glazes, coatings, paste, bitumen.

Technical data

Diameter	100 mm
Sanding guard type
