HD 4-C D20x 200/250 SDS-plus Xtreme Plus

Hammer drill bit set SDS-plus, 4-cutting edges

Xtreme Plus

Order no. 533589

GTIN 4030293274297

These hammer drill bits impress with their very long service life in extreme applications such as drilling in concrete and reinforcement. The drill head, made from high-quality heat-treated steel with cutting edges of equal height arranged at a 90° angle with five crushers uses impact and torsion to ensure precise drill holes with perfect concentricity. Short spiral starts promote optimum removal of the drilling dust. The carbide plate with radially-moulded reinforcement protection also prevents the bit from getting caught if the reinforcement is struck. Wear marks indicate whether the drill bit is still suitable for dowel plug holes. Other advantages include PGM certification and low vibrations to protect both operator and tool.

Technical data

Number of cutting edges	4 Cont.
Working length	200 mm
Holder, drill	SDS-plus
Drilling diameter	20 mm
Total length	250 mm
Packaging unit	1 Cont.
Drill material	Concrete, Masonry, Sandstone
